Stat Modeller
ROBUST KIT OF SOLUTIONS

Message from The CEO

Hello to our incredible clients, partners, and team,

As I sit down to write this, I'm filled with a deep sense of gratitude to announce that we have **completed 5 years** of this journey. It feels like just yesterday that Stat Modeller was a budding idea—and today, thanks to your belief in us, we've grown into a vibrant force in the world of data and operational excellence.

Hiren Kakkad
CEO & Founder
Stat Modeller

This past year has been one of milestones, big and small. We've launched new programs, expanded our expertise, and most importantly, worked closely with clients to help transform their data into clear, impactful insights. Along the way, we've encountered our share of challenges, but each one has only reinforced our belief in the power of resilience, adaptability, and listening closely to what our clients need.

One of my favorite moments this year has been watching our team dive into complex projects that truly make a difference. From developing streamlined data analytics training to guiding organizations through Lean Six Sigma transformations, these projects reflect the heart of what Stat Modeller stands for: making data not just accessible, but actionable.

Looking ahead, we're excited to build on this momentum. Our vision for the next year is ambitious—more hands-on training, deeper partnerships, and new ways to help clients unlock the power of data. We're not just aiming for growth; we're aiming for impact, with each project serving as a stepping stone toward smarter, more data-informed decisions in every corner of our clients' businesses.

Thank you for being such an integral part of Stat Modeller's story. I'm genuinely excited for the path ahead and look forward to collaborating with all of you to turn our shared goals into meaningful progress. Let's keep challenging the status quo, together.
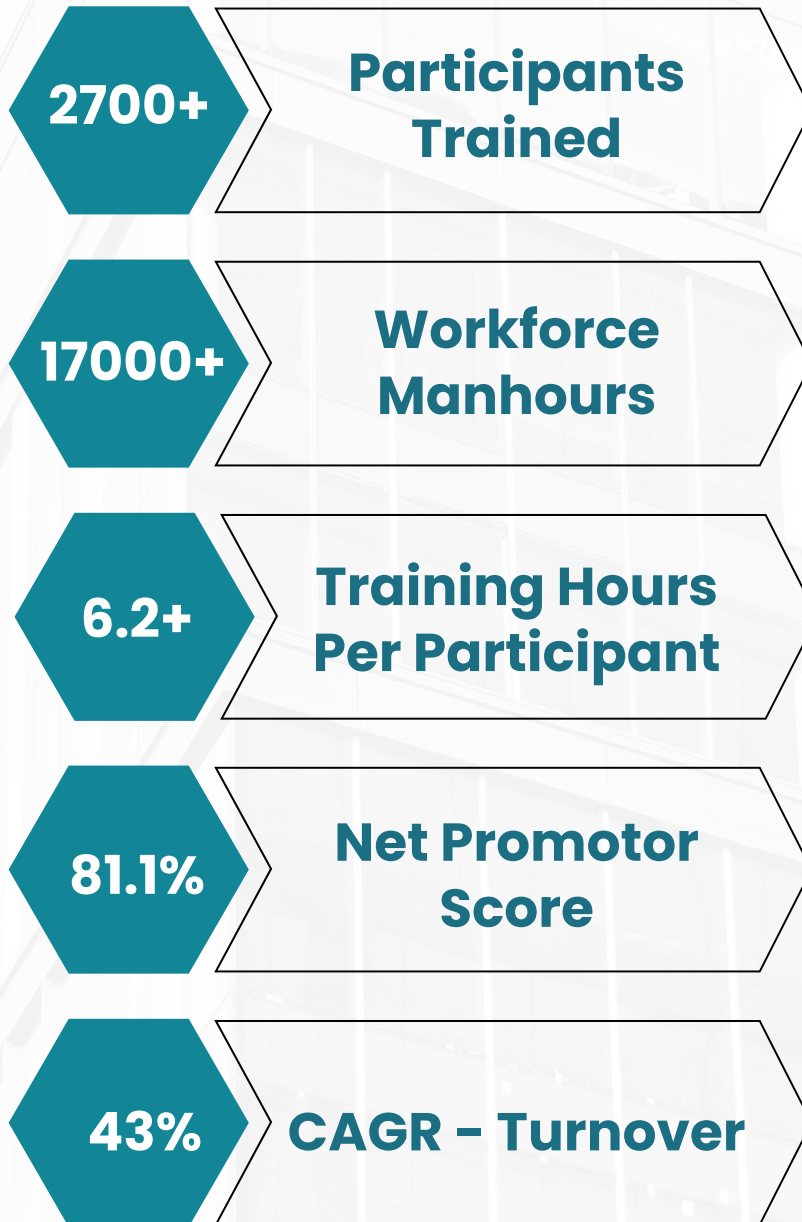

Facts and Figures

Stat Modeller: Facts and Figures

Numbers tell a powerful story, and this year's figures reflect Stat Modeller's commitment to growth, innovation, and client success. Here's a snapshot of what we've achieved together:

2700+ — Participants Trained

17000+ — Workforce Manhours

6.2+ — Training Hours Per Participant

81.1% — Net Promotor Score

43% — CAGR – Turnover

Social Media and Community Reach

Success Stories

Success Stories

Every project is a new opportunity to learn, innovate, and deliver impactful results. This year, Stat Modeller worked with a variety of clients across diverse industries, from pharmaceuticals to technology, helping them unlock the potential of their data and improve their operational processes. Here are a few highlights that capture the essence of our journey:

#1 Empowering Future Professionals: MoU with Parul University

Stat Modeller recently signed a Memorandum of Understanding (MoU) with the renowned Parul University, Faculty of Management Studies. This partnership aims to bridge the gap between academia and industry, focusing on training programs, skill enhancement, certification courses, and internship opportunities. Our goal is to equip students with practical skills that make them job-ready, thereby enhancing their employability in an increasingly competitive job market.

This collaboration underscores our dedication to fostering the next generation of data and management professionals, providing them with the tools they need to excel in their careers.

Success Stories

#2 Driving Process Excellence at FinorChem Ltd. with Six Sigma

FinorChem Ltd., a leading manufacturer in the rubber chemical industry, partnered with Stat Modeller to address critical process challenges through the implementation of Six Sigma methodologies. Our consulting team worked closely with FinorChem to identify key areas for improvement, develop targeted solutions, and guide them through the Six Sigma process. The results have been remarkable: improved efficiency, reduced variability, and a streamlined workflow. This project not only resolved existing bottlenecks but also established a culture of continuous improvement, empowering FinorChem's team to drive sustainable results long after the project's completion.

"CONTINUOUS IMPROVEMENT IS BETTER THAN DELAYED PERFECTION."
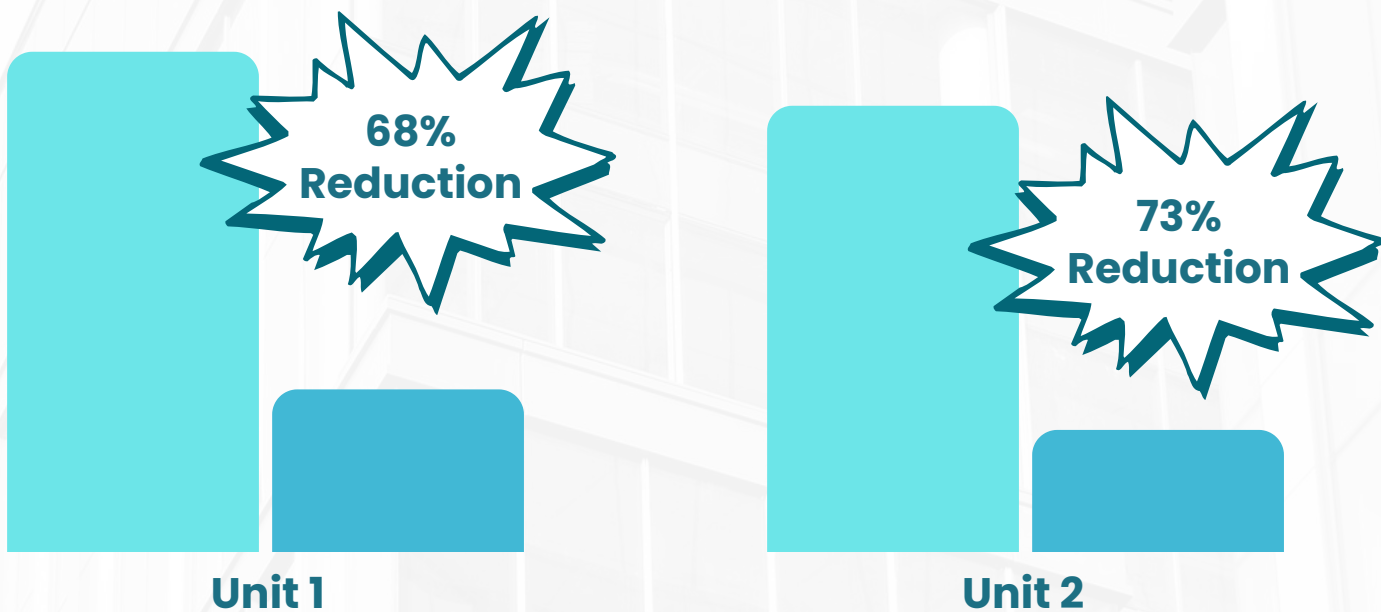

- Mark Twain -

Success Stories

#3 Scaling SMED Success at Dr. Reddy's Laboratories Ltd.

Dr.Reddy's

Building on the successful implementation of the Single-Minute Exchange of Die (SMED) methodology at one of their units, Dr. Reddy's Laboratories Ltd. has once again partnered with Stat Modeller. This time, our team has been tasked with implementing SMED at two additional units in different locations. The initial project led to a remarkable **53% reduction in changeover time**, and we look forward to replicating and expanding this success to enhance operational efficiency across multiple sites.

68% Reduction

73% Reduction

Success Stories

#4 Enhancing Analytical Skills at ITM Baroda University

In a drive to prepare students for the future of business, ITM University organized specialized workshops with Stat Modeller. For MBA students, we conducted a comprehensive workshop on Business Analytics, equipping them with the skills needed to harness data for strategic decision-making. Additionally, a focused program on Tableau was held for BBA students, providing them with hands-on experience in data visualization and reporting. These initiatives underscore our commitment to empowering the next generation of professionals with the tools they need to excel in a data-driven world.

"THE FUTURE BELONGS TO THOSE WHO LEARN MORE SKILLS AND COMBINE THEM IN CREATIVE WAY."

– Robert Greene –

Success Stories

#5 Lean Six Sigma Training for PGP Group

PGP Group, a leader in the glass manufacturing sector, chose Stat Modeller as their training partner for a Lean Six Sigma initiative. Our team delivered comprehensive training to both national and international employees, focusing on quality improvement, waste reduction, and process efficiency. The program was designed to equip PGP Group's team with the skills necessary to drive continuous improvement and meet the highest industry standards.

"IMPROVEMENT USUALLY MEANS DOING SOMETHING THAT WE HAVE NEVER DONE BEFORE."

– Shigeo Shingo –

Success Stories

#6 Engaging SMED Training at APAR Industries Ltd.

Stat Modeller was selected by APAR Industries Ltd. to deliver specialized training on SMED for their Cable and Oil Divisions. To ensure a deep understanding and practical application of SMED techniques, we designed an engaging simulation game that made the learning process both effective and enjoyable. This customized approach has already begun to yield positive results, with teams reporting enhanced efficiency and a more streamlined changeover process.

Success Stories

#7 Advanced Excel Training with ChatGPT at Voltamp Transformers Ltd.

Voltamp Transformer Ltd. partnered with Stat Modeller to deliver cutting-edge training on Advanced Excel using ChatGPT. The focus was on leveraging AI tools to enhance Excel proficiency, streamline data analysis, and boost productivity. Two comprehensive training batches were conducted, where participants learned to integrate ChatGPT for advanced problem-solving within Excel, making complex data manipulation faster and more intuitive. This innovative approach not only improved participants' Excel skills but also introduced them to the potential of AI-powered tools in everyday tasks.

"CONTINUOUS LEARNING IS MINIMUM REQUIREMENT FOR SUCCESS IN ANY FIELD."

- Brian Tracy -

Success Stories

#8 Team Building and Productivity Workshop at Standard Greases and Specialities Pvt. Ltd.

Standard Greases and Specialities Pvt. Ltd. invited Stat Modeller to lead a Team Building Workshop during their annual meet, focusing on enhancing personal productivity and strengthening teamwork. Over 125 participants attended the workshop, which was packed with interactive exercises designed to boost collaboration, communication, and efficiency. Through hands-on activities and practical scenarios, participants explored techniques to improve productivity while fostering a cohesive team environment. The feedback was overwhelmingly positive, highlighting the effectiveness of our engaging and experiential training style.

"GREAT THINGS IN BUSINESS ARE NEVER DONE BY ONE PERSON. THEY'RE DONE BY A TEAM OF PEOPLE."
- Steve Jobs -

Recognition

Recognition and Other Event

#1 National Recognition at ISTD Vadodara Chapter

We are proud to announce that our CEO & Founder, Mr. Hiren Kakkad, has been appointed as a National Council (NC) member of the ISTD Vadodara Chapter. This prestigious role enables Mr. Kakkad to represent the chapter at the national level, contributing to the broader training and development community. His appointment is a testament to Stat Modeller's growing influence and thought leadership in the field of training and consultancy.

#2 Appointment of Mr. Hiren Kakkad as Scrutiny Member for SSIP at Sardar Patel University

We are proud to announce that Mr. Hiren Kakkad, CEO & Founder of Stat Modeller, has been appointed as a Scrutiny Committee Member for the Student Startup and Innovation Policy (SSIP) at Sardar Patel University. In this role, Mr. Kakkad will play a crucial part in evaluating and approving startup proposals presented by students, with the goal of securing government grants to support their innovative ventures.

This appointment is a testament to Mr. Kakkad's expertise in data-driven decision-making and strategic insight, as well as Stat Modeller's commitment to fostering entrepreneurship and innovation within the academic community.

#3 Stat Modeller's Annual Meet in Daman

To mark the end of a successful financial year, Stat Modeller held its annual meet in the scenic locale of Daman. The gathering was an opportunity to review the previous year's achievements, share key learnings, and strategize for the year ahead. The event was a blend of reflection and forward planning, ensuring that we remain aligned with our goals of excellence, innovation, and client satisfaction as we move into the next chapter of our journey.

"DREAM BIG, PLAN WELL WORK HARD, SMILE ALWAYS!"

Voice of Community

"Appreciation and Best Wishes on 5th Anniversary of Stat Modeller Consultancy"

Dear Mr. Hiren Kakkad,

On your 5th anniversary Stat Modeller, APAR - Cable Solutions want to express our heartfelt appreciation for the exceptional Lean Six Sigma Training consulting services you've provided us. Your expertise has been instrumental in our Quality and Process Improvement Journey.

Thanks for your Expert guidance & Effective training programs on LSS GREEN BELTs and SMED for our team & Unwavering commitment to our success.

Jitendra Baviskar
Sr. DGM & Head:
QA I QMS I Business Excellence,
APAR Industries Ltd.

Congratulations on completion of 5 Yrs of Consulting firm & Wishing You Continued success and growth.

Increased impact through your consulting services & Many more years of empowering excellence.

Avnish Thakkar
Business Consultant,
Tech Mahindra

Congratulations on an incredible five years! From transforming data analytics and Six Sigma training to your impressive strides in operational excellence, your journey has been nothing short of inspiring.

Your commitment to quality, innovation, and growth has not only boosted revenue but also enriched your clients' operational efficiency. Here's to the remarkable impact you've made and the exciting future ahead, with a growing team and ever-expanding horizons. Cheers to many more years of success and breakthroughs!

Voice of Community

The Stat Modeller team was engaged to tackle excessive downtime during process changeovers. They conducted a detailed workflow analysis, identifying and addressing bottlenecks. Improvements included standardized procedures, optimized tool setups, and enhanced material handling. They went beyond contracted hours, collaborating closely with staff and delivering extensive training. Techniques like SMED and Value Stream Mapping were used to reduce equipment adjustment times, while proactive maintenance minimized downtime.

Ravikant M
OE Expert,
Pharma

Their approach fostered a culture of continuous improvement, boosting efficiency and morale. The result was a more flexible, productive manufacturing process, allowing faster response to customer demands and reducing costs—ultimately achieving long-lasting, measurable success.

Congratulations on completing 5 remarkable years as a Stat Modeller! I'm grateful for the invaluable R-Programming training you provided to me and my team. Your expertise, patience, and dedication have significantly enhanced our analytical skills. Your passion for sharing knowledge is inspiring.

I wish you continued success and growth in your future endeavors. Thank you for making a lasting impact on our professional journey!

Reliable data is becoming synonymous with quality in this AI-driven world. We must go through the data life cycle in order to propel any improvement quest. It is encouraging to note that there are supporting partners like Stat Modeller who help with everything from staff training in Business Intelligence to organizational Data Driven-project implementation.

Over the past three to four years, I have been closely observing Stat Modeller's journey toward greatness, and their creations are truly remarkable. On this historic occasion, we would like to congratulate the entire team on this journey of change and to extend our congratulations to Mr. Hiren Kakkad, CEO of Stat Modeller, for his outstanding leadership.

Voice of Community

Dear Team Stat Modeller,

Congratulations, Hiren Kakkad & Team, on reaching your remarkable 5-year milestone! It's inspiring to see how you've grown, especially overcoming the challenges of the COVID-19 pandemic. From onboarding marquee clients to making an impact in both business and academia, your journey has been extraordinary. Your dedication to helping companies and students grow truly sets you apart.

I'm proud of all that you've accomplished and excited to see what's next. May the future bring even more success, growth, and positive impact for you and your team. Here's to many more milestones ahead!

Kartik Kamdar
Business Consultant

Jignesh Bhoi
Sr. Manager QA and Safety,
Finorchem Limited

Congratulations to Stat Modeller on completing five remarkable years! It has been a pleasure working with your team on our Six Sigma project. Your expertise in data modeling and process optimization has truly added value to our initiatives. The insights and support provided have played a pivotal role in improving our operational efficiency and quality standards.

Wishing Stat Modeller continued success and growth in the years to come. Looking forward to many more successful collaborations!

Voice of Community

In order to thrive in the future, quality professionals need to understand organizational structures and how they contribute to the organization's mission. The quality professionals of tomorrow will need to master integrated management principles and understand how to apply them across boundaries and hierarchies.

Supporting organizations / functions of all sizes while balancing stakeholder expectations with optimal resource use will be their role.

Quality professionals will need to form an adaptable and versatile community able to meet the diverse demands of diverse organizations in this evolving landscape.

Mihir Gosalia
Sr. Analyst - Quality Assurance,
DXC Technology

Ms. Nikita Mulani
HR Manager,
Pharmanza Herbal
Pvt. Ltd.

We had the pleasure of attending MS Excel and Power Point training sessions conducted by Mr. Hiren Kakkad from Stat Modeller at Pharmanza Herbal Pvt Ltd. Mr. Hiren's expertise and teaching style are exceptional. He broke down complex concepts into easily understandable steps, making both tools accessible to all participants, regardless of their skill level. His hands-on approach, Practical Skills and real-world examples greatly enhanced our understanding of MS Excel's advanced features and MS Power Point's design capabilities.

Mr. Hiren's patience and ability to cater to different learning paces ensured everyone benefited from the sessions. we highly recommend Mr. Hiren for anyone seeking to master these powerful tools.

Hello Stat Modeller Team,

Congratulations on 5 years, 60 months, 1827 days, 43848 hours!!! Hope I have got the statistics right😊🎂

Journey of 5 years must be a roller coaster ride with lots of experiences and learnings. This journey is not possible without 5 elements i.e. Courage, Resilience, Confidence, Collaboration and Blessings of friends and families.

It is a privilege knowing your team and discussing ideas to enhance customer experience.

May you continue serving your customers like a 5 years new organization with the same zeal of innovation, entrepreneurship, customer centricity and knowledge sharing.

Wish you all the best for years to come!!

Stat Modeller is a company, who gives company to students, businesses, corporate, industries to excel in their endeavors.

I am witness to the triangle strides achieved by Mr. Hiren Kakkad, the founder, and his fine group of executives, which are addressing data, quality, and training. Department of Statistics of Sardar Patel University of which he is an alumnus, feels proud of his journey from a normal student to a successful entrepreneur.

Dr. Jyoti Divecha
Head – Department of
Statistics,
Sardar Patel University

Time series of his software commanding ran from SPSS to Power BI, that of quality deployment in industries travelled all four directions, with his love for academics remained a white noise.

Data is the new gold as we all know by now, at Stat Modeller, your team is doing remarkable work to help businesses and individuals understand the tools and techniques to study and analyze data. I know that your consultancy and training have helped your clients improve their productivity and make data-driven informed decisions for their business growth.

Stat Modeller deserves a competitive advantage for the personalized experience that it offers to its clients and associates for measuring and evaluating their performances. I am also happy to extend my best wishes to Stat Modeller and its team as you have managed to extend your services beyond business, specifically to the students community in helping them to get trained for the future. My best wishes to Stat Modeller and its team for many more years of success.

Voice of Team

Voice of Team

It's been 5 Years of Excellence and association.

Congratulations to Stat Modeller on reaching this exceptional five-year milestone! Being a part of this journey has been a source of pride and inspiration.

I extend my heartfelt thanks to the brilliant team for their commitment, innovation, and passion that have driven us forward. Teams' efforts and client's continuous trust have been pivotal to our achievements and growth.

Mehul Gandhi
Sr. Consultant & Trainer,
Stat Modeller

Looking ahead, I am excited about the opportunities that lie ahead. Together, we will continue to create lasting success and build on this solid foundation.

Once again wishing the bright and prosperous future!

Kapil Valand
Business Associate,
Stat Modeller

Stat Modeller's journey over the past five years has been truly inspiring. Stat Modeller provides training and consultancy services in data science, and it has consistently demonstrated excellence, innovation, and a commitment to empowering professionals and organizations. Providing support and handling participants from the UK, I have witnessed firsthand the impact of Stat Modeller's programs in transforming careers and driving success.

These five years have been marked by remarkable growth, successful projects, and countless success stories from clients and trainees.

I sincerely thank Mr. Hiren Kakkad, our CEO, and the entire staff of Stat Modeller for providing me the opportunity to work with such an excellent team. It's been an incredible journey contributing to Stat Modeller's success.

Voice of Team

As we celebrate the 5th anniversary of Stat Modeller, I would like to take a moment to express my heartfelt gratitude as an employee. I have been a part of this incredible organization for one year as a Data Analyst, during which I have learned a wide array of tools, technologies, and techniques.

I joined Stat Modeller in late October 2023 as a BI Developer, and today, I carry with me a rich skill set that includes Advanced Excel, SPSS, Python, R, SMED techniques, Six Sigma Green Belt, 5S, and Power Apps.

Himanshu Malviya
Data Analyst,
Stat Modeller

From my very first day, Mr. Kakkad emphasized the importance of lifelong learning and inspired me to embrace challenges with confidence. His guidance as a mentor, teacher, and leader has been invaluable, and his unwavering support has helped me tackle many challenges along the way. The environment at Stat Modeller is not just professional but also warm and welcoming—it truly feels like a family. I feel proud to be part of this wonderful team, and the experience of working here has been nothing short of amazing. This journey of continuous learning has been made possible by the unwavering support and encouragement of Mr. Hiren Kakkad, the CEO and founder of Stat Modeller.

Once again, thank you, Stat Modeller, for this incredible journey. Here's to many more years of growth and success!

Working at Stat Modeller has been an incredibly fulfilling experience. It's been a place where innovation thrives and where a strong sense of collaboration and support defines the work culture. The team's commitment to excellence and continuous growth has always inspired me to push my boundaries and contribute meaningfully. I am proud to have been part of a company that values both professional development and client success. Congratulations to the Stat Modeller team on five outstanding years—I'm excited to see all the incredible achievements yet to come!

Satyam Patel
Ex-Power BI Expert,
Stat Modeller

Voice of Team

My internship at Stat Modeller marked my very first experience in an industry setting and it had been nothing short of transformative. From the very beginning, I felt welcomed into the team and collaborative work environment. The mentorship I received was exceptional and I am especially grateful for the opportunity to work on an exciting and impactful project.

Preya Patel
Data Science Intern,
Stat Modeller

What I appreciated most was how much I was encouraged to think creatively and come up with innovative solutions. Being part of such a talented and inspiring team has been an incredible experience, and I'm genuinely excited about all the amazing things Stat Modeller will achieve in the years ahead.

Nisha Patel
Data Science Intern,
Stat Modeller

Although my time at Stat Modeller was only a month-long internship, it was an incredibly enriching and impactful experience. One of the standout moments was working on the FaceSense Visitor Recognition System, where I immersed myself in backend development and database optimization. Tackling real-world challenges and witnessing our work come to life was both exciting and deeply rewarding.

What made the experience truly special was the supportive and welcoming environment. Even in such a short time, I felt like a valued member of the team. The mentorship and encouragement I received motivated me to push my boundaries and gave me the confidence to take on complex tasks.

Even though my internship was brief, it was packed with learning and growth, and I'm grateful to have been part of such an innovative and inspiring organization.

Congratulations to the team on this wonderful milestone! Wishing you many more years of success ahead.

Voice of Team

Stat Modeller's innovative environment and focus on cutting-edge technologies have made my internship an exceptional experience. Working on projects like FaceSense: A Visitor Recognition System has given me hands-on exposure to real-world AI/ML challenges, enhancing my technical and analytical skills significantly. The supportive mentorship and collaborative team culture have fostered a positive and enriching learning atmosphere.

Tisha Patel
Data Science Intern,
Stat Modeller

Stat Modeller's commitment to excellence and growth is truly inspiring, and I feel privileged to be part of its journey.

Sajjan Ahiwale
Data Science Intern,
Stat Modeller

I had a great experience during my internship at Stat Modeller, where I worked under the expert guidance of Hiren Kakkad Sir. During this time, I developed an R package named spcsm, designed to facilitate control charts, Pareto charts, and process capability analysis. This hands-on project greatly enhanced my coding skills, statistical knowledge, and understanding of practical applications in data analysis.

Hiren Sir's mentorship was invaluable in refining my technical and problem-solving abilities. The collaborative and supportive environment at Stat Modeller played a key role in shaping my professional growth. I highly recommend this internship to aspiring statisticians seeking real-world learning experiences.

Voice of Team

Stat Modeller has been an incredible platform for growth and learning. Completing my internship here was a truly enriching experience. It's inspiring to see how the organization has evolved and achieved significant milestones over the past five years. I am proud to have been a part of its journey, even in a small way.

Congratulations on this remarkable achievement! Wishing Stat Modeller continued success, innovation, and excellence in the years to come. May you keep inspiring professionals and creating opportunities for many more to grow.

Pratik Dhumal
Data Science Intern,
Stat Modeller

Scholarship

100% Scholarship for Needy and Potential Students on SKILLEXO

At Stat Modeller, we believe that education should be accessible to everyone, regardless of financial constraints. As part of our Corporate Social Responsibility (CSR) initiative, we are proud to offer a 100% scholarship for our eLearning platform, SKILLEXO, to deserving students and early career professionals who show potential and a passion for learning. This scholarship covers the full cost of our courses, empowering the next generation with the skills and knowledge needed to excel in their careers.

What We Offer

SKILLEXO provides a comprehensive selection of online courses focused on building in-demand skills in areas like data analytics, Lean Six Sigma, business analysis, and more. Eligible participants will receive a 100% scholarship, granting them full access to:

- Interactive Learning Modules
- Expert-Led Sessions
- Certification

Eligibility Criteria

- Academic or Career Stage
- Financial Need
- Recommendation Requirement
- Commitment to Complete

How to Apply

Obtain a Recommendation Letter: Secure a signed recommendation letter from a recognized individual who understands your background and potential. The letter should highlight your financial need and dedication to learning.

Gratitude

Gratitude

As we close another remarkable year at Stat Modeller, we are filled with immense gratitude for the people who make our journey possible. Our success is not just a reflection of our efforts, but a testament to the trust, collaboration, and support we receive from our clients, partners, and team members.

Our Clients

Thank you for trusting us with your challenges. Your belief in our expertise motivates us to deliver the best possible solutions and drives our continuous improvement.

Our Partners

We are grateful for our collaborations with educational institutions, research bodies, and industry leaders. Your partnership enables us to broaden our impact and offer high-quality training and consultancy.

Our Community

To our online followers, workshop attendees, and Stat Modeller learners—thank you for being part of our growing community. Your engagement inspires us to innovate and enhance our offerings.

Our Team

A special thank you to the Stat Modeller team for your hard work and dedication. Your efforts make our success possible, turning challenges into achievements every day.

We look forward to the opportunities and are grateful to have you all with us as we continue this journey of growth and excellence.

THANK
YOU
